86. I'd like to talk with you about issues some people tell us are important. Please look at CARD N. Some people think that the government in Washington should do everything possible to improve the standard of living of all poor Americans; they are at Point 1 on this card. Other people think it is not the government's responsibility, and that each person should take care of himself; they are at Point 5.

37/

A. Where would you place yourself on this scale, or haven't you made up your mind on this?

FOR Q's 86 THROUGH 89: IF RESPONDENT HAS NOT MADE UP HIS/HER MIND ON AN ISSUE, CODE "DON'T KNOW." THIS IS AN ACCEPTABLE RESPONSE. DO NOT PROBE.

87. Now look at CARD O. Some people think that the government in Washington is trying to do too many things that should be left to individuals and private businesses. Others disagree and think that the government should do even more to solve our country's problems. Still others have opinions somewhere in between.

38/

A. Where would you place yourself on this scale, or haven't you made up your mind on this?

88. Look at CARD P. In general, some people think that it is the responsibility of the government in Washington to see to it that people have help in paying for doctors and hospital bills. Others think that these matters are not the responsibility of the federal government and that people should take care of these things themselves.

A. Where would you place yourself on this scale, or haven't you made up your mind on this?

89. Now look at CARD Q. Some people think that (Blacks/Negroes) have been discriminated against for so long that the government has a special obligation to help improve their living standards. Others believe that the government should not be giving special treatment to (Blacks/Negroes).

A. Where would you place yourself on this scale, or haven't you made up your mind on this?
