CONSENT: Categorical (Single)
{intro} {consent_fill} topics may be sensitive for you, and you can decline to answer any question. Most participants find the survey to be interesting with a chance to talk about things that matter to them. Which questions are asked depends upon your answers to other questions. The interview takes from about 60 to 90 minutes for most people.

(IF NEEDED: We can break up the interview into different sections if that will make it easier for you.)

Your participation is voluntary. However, all information that you provide will be kept in strict confidence. It is important to us to protect your privacy. All participants' answers are combined, and presented in the form of summary statistics, such as tables and graphs.

Parts of this interview may be recorded for quality control purposes. This will not compromise the strict confidentiality of your responses. May I continue with the recording?

Some people think that the government in Washington ought to reduce the
income differences between the rich and the poor, perhaps by raising the
taxes of wealthy families or by giving income assistance to the poor.
Others think that the government should not concern itself with reducing
this income difference between the rich and the poor.

Here is a card with a scale from 1 to 7. Think of a score of 1 as meaning
that the government ought to reduce the income differences between rich and
poor, and a score of 7 meaning that the government should not concern
itself with reducing income differences. What score between 1 and 7

STOCKOPS: Categorical (Single)
Do you currently hold any stock options in your company (vested or unvested)?

IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at $10 means that you can purchase your company stock for $10 anytime over ten years. A stock option does not include a plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

IF ASKED: "Vested" means that you own the stock option and can exercise it at any time and "unvested" means that you have to stay with your company a certain amount of time until you own the stock option and can exercise it at any time.
