PRECONSENT: Info

NORC at the University of Chicago and the National Science Foundation have done the General Social Survey for more than 40 years to keep a historical record of the concerns, experiences, attitudes and practices of Americans. Your household was randomly selected from addresses across the nation for participation. The information collected is used by policy makers, scientific researchers, government officials and students to better understand Americans and better meet their changing needs.

The questions we'll ask have to do with your opinions and knowledge on a variety of important topics like work, the family, government, science, and health. Some topics may be sensitive for you, and you can decline to answer any question. At the end of the survey, I will complete a brief section of observations, including my impressions of how the interview went and where it took place, how long the interview took, and who else was present.

Your participation does not involve any risks other than what you would encounter in daily life. Most participants find the survey to be interesting with a chance to talk about things that matter to them. Which questions are asked depends partly on chance, and partly on your answers to other questions. The interview takes from about 60 to 90 minutes for most people. You may also be contacted in 2020 to participate in a future round of the General Social Survey.

However, participation in this round of the survey does not obligate you to participate in any future rounds of the General Social Survey.

Any future participation on your part will again require us to gain your consent.

(IF NEEDED: We can break up the interview into different sections if that will make it easier for you.)

PRESS ENTER TO CONTINUE

CONSENT: Categorical (Single)

Your participation is voluntary. However, all information that you provide will be kept in strict confidence. It is important to us to protect your privacy. All participants' answers are combined, and presented in the form of summary statistics, such as tables and graphs. If you decline to answer a question or a portion of the interview, data from other questions you have answered may be used in these summary statistics.

MDDtoDOC - GSS2018 Ballot 1 - English

We have received a Certificate of Confidentiality from the National Institutes of Health. This means that your answers will be kept confidential, even if the researchers receive a court order or subpoena to release information that could identify you. The protection offered by the certificate does not stop the researchers from voluntarily reporting information about suspected or known sexual, physical, or other abuse of a child or elderly person, or a participant's threats of violence to self or others. If you voluntarily give your written consent for anyone to receive information about your participation in this research, then we may not use the certificate to withhold this information.

If you have questions about your rights as a research participant, you may call the NORC Institutional Review Board Manager toll-free at 1-866-309-0542. If you have questions about the General Social Survey, you can contact the project hotline at 1-888-837-8988.

Parts of this interview may be recorded for quality control purposes. This will not compromise the strict confidentiality of your responses. You can stop the recording at any time. May I continue with the recording?

Now I have some questions about different groups in our society. I'm going to show you a seven-point scale on which the characteristics of people in a group can be rated. In the first statement a score of 1 means that you think almost all of the people in that group are 'rich.' A score of 7 means that you think almost all of the people in the group are 'poor.' A score of 4 means that you think that the group is not towards one end or another, and of course you may choose any number in between that comes closest to where you think people in the group stand.

As part of another study that will be conducting a survey of churches, synagogues, mosques, and other religious congregations, we would like to call the place where you attend religious services, or a leader of that congregation. The survey of congregations will ask about general religious and social activities and will not have anything to do with you personally or with your answers to this survey. Your answers to this questionnaire will be kept confidential, and your name will not be used in any way. Please look up or tell me how you would look up the place where you attend religious services on the web or in a telephone book.

Do you currently hold any stock options in your company (vested or unvested)?

IF ASKED: A stock option is a right to purchase stock at a set price for several years into the future, typically ten years. For example, one stock option at \$10 means that you can purchase your company stock for \$10 anytime over ten years. A stock option does not include a plan in which there are periodic deductions from payroll to set aside money to purchase shares at the end of an offering period. That is typically called an Employee Stock Purchase Plan.

IF ASKED: "Vested" means that you own the stock option and can exercise it at any time and "unvested" means that you have to stay with your company a certain amount of time until you own the stock option and can exercise it at any time.

ADMINCONSENT: Categorical (Single)

One important purpose of our survey is to gather information about our society in order to explain trends in attitudes and behaviors. The GSS seeks to support the study of opinion data with more behavioral, fact-based information. To do this, we need your permission to search government records that may exist now or in the future such as Census data, unemployment or social security information, Medicaid and Medicare, health records and other sources. We would link your interview with that information upon completion of the survey. Also, we would like to be able to continue combining these data for the foreseeable future. Each time, in the future, we will remove personally identifiable information after the linking process, and store anonymous data for the duration of our study. The best way for us to get this information without taking up any more of your time is to conduct the work in a secure data facility meeting strict Federal Information Security Management Act requirements, and we need your permission

MDDtoDOC - GSS2018 Ballot 1 - English

to proceed. All identifying information will be kept confidential as required by law. If at any time you change your mind, you can contact us at the toll-free number 888-837-8988.

May we try to link government records with your survey answers?

{_a}	{response to SecL_NAME} is {response to SecL_RACE} {response to SecL_SEX_MAN_WOMAN} who has completed {response to SecL_EDUCATION}. During the last month {response to SecL_NAME} has started to drink more than {response to SecL_SEX_HIS_HER} usual amount of alcohol. In fact, {response to SecL_SEX_HE_SHE} has noticed that {response to SecL_SEX_HE_SHE} needs to drink twice as much as {response to SecL_SEX_HE_SHE} used to to get the same effect. Several times, {response to SecL_SEX_HE_SHE} has tried to cut down, or stop drinking, but {response to SecL_SEX_HE_SHE} can't. Each time {response to SecL_SEX_HE_SHE} has tried to cut down, {response to SecL_SEX_HE_SHE} became very agitated, sweaty and {response to SecL_SEX_HE_SHE} couldn't sleep, so {response to SecL_SEX_HE_SHE} took another drink. {response to SecL_SEX_HIS_HER_} family has complained that {response to SecL_SEX_HE_SHE} is often hung-over, and has become unreliable – making plans one day, and canceling them the next.
{_b}	{response to SecL_NAME} is {response to SecL_RACE} {response to SecL_SEX_MAN_WOMAN} who has completed {response to SecL_EDUCATION}. For the last two weeks {response to SecL_NAME} has been feeling really down. {response to SecL_SEX_HE_SHE_} wakes up in the morning with a flat, heavy feeling that sticks with {response to SecL_SEX_HIM_HER} all day long. {response to SecL_SEX_HE_SHE_} isn't enjoying things the way {response to SecL_SEX_HE_SHE} normally would. In fact nothing seems to give {response to SecL_SEX_HIM_HER} pleasure. Even when good things happen, they don't seem to make {response to SecL_NAME} happy. {response to SecL_SEX_HE_SHE_} pushes on through {response to SecL_SEX_HIS_HER} days, but it is really hard.

MDDtoDOC - GSS2018 Ballot 1 - English

The smallest tasks are difficult to accomplish. {response to SecL_SEX_HE_SHE_} finds it hard to concentrate on anything. {response to SecL_SEX_HE_SHE_} feels out of energy and out of steam. And even though {response to SecL_NAME} feels tired, when night comes {response to SecL_SEX_HE_SHE} can't get to sleep. {response to SecL_NAME} feels pretty worthless, and very discouraged. {response to SecL_NAME}'s family has noticed that {response to SecL_SEX_HE_SHE} hasn't been {response to SecL_SEX_HIM_HER}self for about the last month, and that {response to SecL_SEX_HE_SHE} has pulled away from them. {response to SecL_NAME} just doesn't feel like talking.

{_c} {response to SecL_NAME} is {response to SecL_RACE} {response to SecL_SEX_MAN_WOMAN} who has completed {response to SecL_EDUCATION}.
